

Win an Apple iPad (wifi version).... for recommending a friend or colleague for this IT role*

*for referrals that lead to successful placements only. See terms and conditions (below).

We always value referrals and recommendations and are happy to reward individuals for any help given to us. We are aware that your motivation to recommend a colleague or friend for a role will be to primarily help them, but we feel it is only correct to make a thank you gesture. We hope you can recommend us with confidence; our placements fees are modest compared to many of our peers and we provide a genuine, intelligent and pressure-free service to all.

Terms and conditions: This offer is only valid for roles that have a confirmed base salary of £75000 (or greater). To secure your Apple iPad (wifi version) your candidate recommendation needs to be for the attached vacancy only. The candidate will not have independently applied for the role prior to your recommendation. Your candidate recommendation must (via Deerfoot) accept, start and remain in the role for a period of 13 full weeks.
